

Project Name

Home Depot, Kapolei, Hawaii

Client / Owner

Kapolei Property Development, LLC

Year Completed

2003

Project Description & Firm's Responsibility

Kapolei Property Development, an affiliate of The Estate of James Campbell, constructed the building pad and offsite infrastructure in preparation for the construction of the Home Depot building.

Work included the preparation of mass grading plans for the pad and parking lot construction and the preparation of construction documents for the access driveway and utilities to serve the project.

An NPDES permit application for storm water associated with construction activity was prepared.
