

MYRON NOMURA
Sanitary / Environmental Engineer

General Background: Mr. Nomura is President of the company. He is in charge of the planning and design of sanitary / environmental engineering projects, including wastewater and sewerage systems; water source development, treatment, storage, and distribution systems; environmental permitting; and hazardous waste management. He previously administered the Navy's environmental programs for potable water, wastewater, industrial and solid wastes, and oily wastes. As Utilities Manager, he was responsible for regulatory compliant operation, maintenance, and planning for the Pearl Harbor water and wastewater utility systems. His work experience envelops utility planning, design, permitting, construction, and operation.

Education: University of Hawaii, M.S. in Environmental/Sanitary Engineering, 1973
University of Hawaii, B.S. in Civil Engineering, 1971

Registration: Civil Engineer, Hawaii, 1976
Wastewater Treatment Plant Operator, Grade 4, Hawaii
Water Treatment Plant Operator, Grade 2, Hawaii

Work Experience:

1992 - Present	Engineering Concepts, Inc. Honolulu, Hawaii
1980 - 1992	U.S. Navy Public Works Center and NAVFACENGCOCM, Pearl Harbor, Hawaii.
1973 - 1980	M&E Pacific, Inc. Honolulu, Hawaii

Professional Affiliations: Board of Certification of Operating Personnel in Wastewater Treatment Plants, 2002 to 2010

Specific Experience:

- WATER SYSTEMS**
- Potable Water System, Pearl Harbor Complex, Pearl Harbor, Hawaii
 - Potable Water System, Public Works Center, Pearl Harbor, Hawaii
 - Wailua River State Park, Water and Sewer System Improvements, Kauai, Hawaii
 - Water Quality Improvement Plan, Pacific Missile Range Facility, Barking Sands, Kauai, Hawaii
 - Fena Water Treatment Plant, Guam

MYRON NOMURA - 2

- WATER SYSTEMS**
- Water Quality Improvement Plans for CFA and SRF Yokosuka, Japan
 - Utility Technical Study, MCAS Iwakuni, Japan
 - Minami Golf Course Deepwells, Kaneohe, Hawaii
 - Rota Island Hotel & Golf Course Potable Water System, CNMI
 - Water System Investigation, COMFLEACT Chinhae, Korea
- WASTEWATER SYSTEMS**
- Wastewater Investigation, Chinhae, Korea
 - Direct Discharge Survey, CFA Yokosuka, Japan
 - Wastewater Collection System, Pearl Harbor Complex, Pearl Harbor, Hawaii
 - Ilimalia Loop / Mokapu Boulevard Reconstructed Sewer, Kailua, Hawaii
 - Oil / Water Separator, MCAS Iwakuni, Japan
 - Wastewater Treatment Plant Expansion, Fort Kamehameha, Hawaii
 - Anaerobic Digestion Tanks, MCBH Kaneohe Bay, Hawaii
 - Ship's Wastewater Disposal Study, Sasebo, Japan
 - Repairs to Sanitary Sewer System, MCBH Kaneohe Bay, Hawaii
 - Utility Technical Study (Wastewater), Guam
 - Design of Wastewater Treatment Plants: Kukio Bay Resort, Kona, Hawaii; Kualapuu, Molokai; Maunaloa, Molokai; Rota, CNMI; Kwajalein Atoll
 - Design of Sewage Pump Stations: Gentry Ewa Makai, Ewa, Hawaii; Public Baths, Honolulu, Hawaii; Kailua Heights, Kailua, Hawaii; Kapolei Business Park, Ewa, Hawaii; Rota, CNMI
 - Preparation of 201 Facilities Plans: Waianae, Hawaii; Hilo, Hawaii; Poipu-Koloa, Hawaii; Saipan, CNMI; Rota, CNMI
- ENVIRONMENTAL**
- Other Environmental Liabilities Survey, Various Naval Installations, Hawaii and Guam
 - Environmental Management System Services for Commander, Navy Region Hawaii
 - Environmental permitting for Clean Water Act point/nonpoint source discharges and Resource Conservation and Recovery Act hazardous waste management facilities
 - Multi-media environmental compliance audits for Navy activities in Hawaii, Guam, and the Far East
 - Kailua 272 Reservoir EIS, Kailua, Hawaii
 - Kailua-Kona Sewerage System EIS, Hawaii.
 - Paheehee Stream Bridge Seismic Retrofit, Pepeekeo, Hawaii
 - Kolekole Stream Bridge Seismic Retrofit, Pepeekeo, Hawaii
